11.4. Starting order Individuals and Teams – Round 1:

The starting order for Round 1 is drawn in the presence of the Ground Jury, the Foreign Technical Delegate and the Chefs d'Equipe, at a time fixed by the President of the Ground Jury in agreement with the OC after the training session. The starting order of the Individuals qualified to compete as mentioned herein above under section 11.3.1.1 is set according to the reverse order of the aggregate Penalties incurred in the First and the Second Individual Qualifying Competitions. In case of Athletes with equality of Penalties, the score of the first Competition will decide their starting order.

In the event of equality of Penalties between teams for first, second and/or third place, there

will be a jump-off against the clock in which all team Athletes may take part, over six obstacles, which may be increased in height and/or spread at a speed of 375 m per minute. In case of equality of Penalties for any other placing, teams will be placed equal.

The score in this jump-off is obtained by adding the Penalties incurred by the three best Combinations in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team as well as those placed second or third. The score of this jump-off is only to determine the placing of the teams and will not count towards the final scores of the individual Athletes.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not taking part in Round 2 of the Team Competition providing they are not eliminated or retire in Round 1 receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the Round 1 of the team Competition.

The Athletes will be invited to inspect the jump-off course. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place. If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

Medals will be awarded for individuals: Gold for the first place, Silver for the second place and Bronze for the third place.

SPECIAL CONDITIONS RELATED TO MEDALS

According to CACSO & PASO rules, for individual placements, nations are not allowed to be granted all 3 medals. In case a single nation places first, second and third, the bronze medal will be awarded to the next best placed athlete of a different nation.

Ribbons will be awarded for the first six combinations. Six combinations are invited to the Prize Giving Ceremony mounted.

13. OVERALL INDIVIDUAL CLASSIFICATION

The overall individual classification is determined by adding together for each Athlete the Penalties incurred in the first Competition, as well as the two Rounds of the second Competition (disregarding the Penalties incurred in the jump-off if there is one) and the two Rounds A and B of the third Competition.

The Athlete with the least Penalties will be placed first and declared the Gold Medal Winner.

In the event of equality for one of the first three overall places after Round B of the third Competition, there will be a jump-off against the clock at a speed of 375 m per minute over eight obstacles from the courses of Rounds A and B. The course of the jump-off for the Third Competition will be used for the jump-off for the overall Individual classification. The Athletes will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place. If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

No Athlete will be required to take part in two jump-offs to decide the overall Individual classification and the Third competition classification. If an Athlete is involved in more than one tie, e.g. a tie for first, second or third place in the Third competition and a tie for one of the first three places in the overall Individual classification, he will participate in only one jump-off, i.e. the jump-off for the Third Competition; his score in this jump-off will count as his score in the jump-off for the overall classification.

Medals will be awarded for individuals: Gold for the First place, Silver for the Second place and Bronze for the Third place.

SPECIAL CONDITIONS RELATED TO MEDALS

According to CACSO & PASO rules, for individual placements, nations are not allowed to be granted all 3 medals. In case a single nation places first, second and third, the bronze medal will be awarded to the next best placed athlete of a different nation.

It is Athletes, Owners and Support Personnel's responsibility to ensure that they have adequate personal accident insurance in place to cover their participation at the Event and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at the Event.

The Athletes, Owners and Support Personnel should check with their National Federation to confirm if their National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when they are attending/participating in the Event. If their National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then they should obtain their own personal accident and health insurance policy to cover their attendance/participation at the Event.

(b) Personal Property Insurance

The Athletes, Owners and Support Personnel should also ensure that they are insured against property loss, theft or damage which may occur at the Event.

Again, the advice is to check with their National Federation to confirm if they have an insurance policy in place which would cover them in case of such property loss, theft or damage. If not, then they should obtain their own personal property insurance to cover such situations.

Athletes and Owners

Third Party Liability Insurance

The Athletes and Owners are personally responsible for damages to third parties caused by them, their employees, Support Personnel, their agents or their Horses. The FEI and the Organiser will NOT be responsible for any damage caused to third parties by the Athletes and Owners, their employees, Support Personnel, their agents or their Horses.
